

Non-Core Instruction for March 30 – April 10

Students and Parents, your main responsibility for the week of March 30 – April 3 is for Core Instruction. Students will use the Activity Log for Special Area to engage in activities that are relevant to each of their Special Area classes unless instructed otherwise by those teachers. ***If teachers have not communicated an alternate assignment, please document one hour of curriculum-related activity for the week.***

Here are some examples that you might consider:

Music: practice your instrument if you have one, use musicplayonline.com (username: snow, password: 2020), sing a song, write a song

Art: visit a virtual gallery, create art, draw, learn about an artist

Health & Physical Education: practice throwing/catching, practice movement skills (skipping, hopping, jumping), exercise, compare nutrition labels

Introduction to Computers: work on your current project, practice typing skills, learn the names of parts of the computer
