

# W.I.G. (Wildly Important Goal)

In the style of *Old Town Road*

Yeah, I'm gonna make my wildly important goal  
I'm gonna, strive till I can't no more!  
I'm gonna make my wildly important goal  
I'm gonna strive till I can't no more!

I got the habits in the back  
It's time to attack  
I'm a leader so that means for this I have a knack  
Never mind a horse  
I'm a driving force  
The power's in my hands, it demands I get that plaque so

Can't nobody tell me nothing  
You can't tell me nothing  
I'm gonna accomplish something  
Gonna accomplish something

I'm not braggadocios  
I just lead with focus  
8 habits are awesome  
Trust me guys, I know this!  
If you stay proactive  
Once you meet your goals its  
Super cali fragilistic expialidocious

Can't nobody tell me nothing  
You can't tell me nothing  
I'm gonna accomplish something  
Gonna accomplish something

Yeah, I'm gonna make my wildly important goal  
I'm gonna, strive till I can't no more!  
I'm gonna make my wildly important goal  
I'm gonna strive till I can't no more!
